BUSINESS ASSOCIATE AGREEMENT

This Business Associate Agreement, dated as of 2/6/24 ("Agreement"), supplements and is made a part of the Services Agreement (as defined below) by and between Developmental Disabilities of Clark County ("Client") and Soul Bird Consulting ("Company").

WHEREAS, Client and Company are parties to the Services Agreement pursuant to which Company provides certain services to Client.

WHEREAS, notwithstanding anything to the contrary in the Services Agreement, the parties acknowledge that Client may transmit certain Electronic Protected Health Information to Company in connection with the Services Agreement.

WHEREAS, this Agreement defines the rights and responsibilities of each party with respect to Protected Health Information as defined in the Health Insurance Portability and Accountability Act of 1996 and the rules and regulations promulgated thereunder, as each may be amended from time to time (collectively, "HIPAA Regulations").

WHEREAS, this Agreement is intended to satisfy any applicable obligations of Client under 45 C.F.R. Sections 164.308(b), 164.314(a) and 164.504(e) and shall be applicable only in the event and to the extent Company meets, with respect to Client, the definition of a Business Associate set forth at 45 C.F.R. §160.103, or applicable successor provisions.

WHEREAS, in light of the foregoing and the requirements of the HIPAA Regulations, Client and Company agree to be bound by the following terms and conditions.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

1. **Definitions.**

(a) **General.** Terms used, but not otherwise defined, in this Agreement shall have the same meaning given to those terms by the HIPAA Regulations as in effect or as amended from time to time.

(b) **Specific.**

(i) "Breach" shall have the same meaning as the term "Breach" in 45 CFR § 164.402.

(ii) "Breach Notification Rule" shall mean the Notification in the Case of Breach of Unsecured Protected Health Information at 45 CFR Part 164.

(iii) "Business Associate" shall mean Company.

(iv) "Company Services" shall have the same meaning as the term "Services" in the Services Agreement; provided, however, that, notwithstanding the foregoing, "Company Services" shall not include web hosting offerings. Company may, in its sole discretion, from time to time add or remove services that are Company Services. Business Associate will provide at least thirty (30) days prior notice if Business Associate removes a service from Company Services.

(v) "Client Data" shall mean all data, including all text, sound, software or image files that are provided to Business Associate by, or on behalf of, Client through Client's use of the Company Services.

(vi) "Electronic Protected Health Information" or "Electronic PHI" shall have the same meaning as the term "electronic protected health information" in 45 CFR § 160.103, limited to the information that Business Associate creates, receives, maintains, or transmits from or on behalf of Client.

(vii) "HIPAA Rules" shall mean the Privacy Rule, the Security Standards, the Breach Notification Rule and Enforcement Rules at 45 CFR Part 160 and Part 164.

(x) "Protected Health Information" or "PHI" shall mean individually identifiable health information, as that term is defined in 45 CFR § 160.103, limited to the Client Data created or received by Business Associate from or on behalf of Client.

(xi) "Required by Law" shall have the same meaning as the term "required by law" in 45 CFR § 160.103.

(xii) "Secretary" shall mean the Secretary of the Department of Health and Human Services or his/her designee.

(xiii) "Security Standards" shall mean the Security Standards at 45 CFR Part 160 and Part 164.

(xiv) "Services Agreement" shall mean any present or future agreements, either written or oral, between Client and Business Associate under which Business Associate provides Company Services to Client which involve the access, use or disclosure of PHI. The Services Agreement is amended by and incorporates the terms of this Agreement.

(xv) "Unsecured Protected Health Information" or "Unsecured PHI" shall have the same meaning as the term "unsecured protected health information" in the HITECH Act, § 13402(h)(1).

2. **Obligations and Activities of Business Associate.**

(a) **Use and Disclosure.** Business Associate agrees not to use or disclose PHI other than as permitted or required by the Services Agreement, this Agreement or as permitted or Required by Law, provided such use or disclosure would not violate the HIPAA Rules if done by Client.

(b) **Appropriate Safeguards.** Subject to Section Sections 2(k), 4(a), and 4(e) below, Business Associate agrees to use appropriate safeguards and comply with Subpart C of 45 CFR Part 164 with respect to Electronic PHI to prevent use or disclosure of PHI other than as provided for by the Agreement.

(c) **Reporting of Security Incidents.** Business Associate agrees to report to Client any successful Security Incidents, including Breaches of Unsecured PHI as required at 45 CFR 164.410 of which Business Associate becomes aware. Business Associate will report to Client any Breach of Unsecured PHI that Business Associate may discover without

unreasonable delay, and in no case later than 60 calendar days after discovery of such Breach. Notice is hereby deemed provided, and no further notice will be provided, for unsuccessful attempts at unauthorized access, use, disclosure, modification, or destruction of PHI or interference with Company Services. Client shall perform any and all notifications as necessary under the Breach Notification Rule. Notification(s) under this Section 2(c), if any, will be delivered to contacts identified by Client pursuant to Section 6(d) (Contact Information for Notices) of this Agreement by any means Business Associate selects, including via email. Business Associate does not know the nature of PHI maintained by Company Services, and Client agrees it will not be possible for Business Associate to provide information about the identities of the Individuals who may have been affected, or a description of the type of information that may have been subject to a Security Incident, Impermissible Use or Disclosure, or Breach. Business Associate's obligation to report under this Section is not and will not be construed as an acknowledgement by Business Associate of any fault or liability with respect to any use, disclosure, or Breach.

(ct) Mitigation. Business Associate agrees to mitigate, to the extent reasonably practicable, any harmful effect that is known to Business Associate of a use or disclosure of PHI by Business Associate or its agents or subcontractors in violation of the requirements of this Agreement.

(e) Agents. If applicable, Business Associate agrees to ensure that any subcontractors that create, receive, maintain, or transmit PHI on behalf of the Business Associate agree to the same restrictions, conditions, and requirements that apply to Business Associate with respect to such information in accordance with 45 CFR 164.502(e)(1)(ii) and 164.308(b)(2).

(f) Client Access. All PHI maintained by Business Associate for Client in a Designated Record Set will be available to Client in a time and manner that reasonably allows Client to comply with the requirements under 45 CFR §§ 164.524 and 164.526. Business Associate shall not be obligated to provide any such information directly to any Individual or person other than to Client. Client agrees that Business Associate meets this requirement by providing virtual access to Company Services for Client to access its PHI on its own.

(g) Access to Books and Records. Business Associate agrees to make internal practices, books, and records available to the Secretary, in a time and manner designated by the Secretary, for purposes of the Secretary's determining Client's or Business Associate's compliance with the HIPAA Rules; provided, however, that time incurred by Business Associate in complying with any such request for determining Client's compliance with the HIPAA Rules that exceeds its normal Client service parameters shall be charged to Client at Business Associate's then-current standard hourly rate.

(h) Accounting. Client acknowledges that Business Associate is not required by this Agreement to make disclosures of Protected Health Information to Individuals or any third party other than to Client, and that Business Associate does not, therefore, expect to maintain documentation of such disclosure as described in 45 CFR § 164.528. In the event that Business Associate does make such disclosure of PHI, it shall document the disclosure as would be required for Client to respond to a request by an Individual for an accounting of disclosures in accordance with 45 CFR §164.528, and shall provide such documentation to Client promptly upon request. To remove all doubt, Business

Associate is not required to document or account for disclosures made by Client facilitated by Company Services.

(i) Amendment of PHI. Business Associate agrees to make any amendment(s) to PHI in a Designated Record Set that Client directs or agrees to pursuant to Client's obligations under the Privacy Rule. Client agrees that Business Associate meets this requirement by providing virtual access to the data maintained by Company Services for Client to amend its PHI on its own.

U) Compliance with Privacy Rule. To the extent the Business Associate is to carry out one or more of Client's obligation(s) under Subpart E of 45 CFR Part 164, and subject to Sections 4(a) and 4(e) below, Business Associate agrees to comply with the requirements of Subpart E that apply to Client in the performance of such obligation(s). Client agrees that Business Associate will not be asked to carry out any of Client's obligations under Subpart E of 45 CFR Part 164, except as expressly agreed to in writing by Business Associate.

(k) Business Associate Obligations Conditioned on Client's Appropriate Configurations. The obligations of Business Associate set forth in this Agreement herein shall only apply to the Company Services - and to the features and settings within Company Services - to the extent they are controlled and set by Business Associate. Company shall have no responsibility or liability for damages, claims or other consequences arising out of any failure to comply with the HIPAA Rules that results, directly or indirectly, from Client's actions or omissions (including without limitation any action or omission by Client in the execution of its responsibilities described in Section 4(e) below). Client's use of Company Services not in compliance with Client's obligations under this Agreement are not subject to this Agreement.

3. Permitted Uses and Disclosures by Business Associate.

(a) Services Agreement. Except as otherwise limited in this Agreement, Business Associate may use or disclose PHI to perform functions, activities, or services for, or on behalf of, Client as specified in the Agreement, provided that such use or disclosure would not violate the Privacy Rule if done by Client. Business Associate is authorized to use PHI to de-identify the information in accordance with 45 CFR § 164.514(a)-(c) and use such de-identified information for its business purposes.

(b) Data Aggregation. Business Associate may use PHI to provide Data Aggregation services to Client if Business Associate determines that Data Aggregation is necessary to provide or improve the Company Services for the benefit of Client.

(c) Minimum Necessary. Business Associate shall limit its use, access and disclosure of an Individual's PHI: (i) where practicable, to a Limited Data Set, and (ii) in all other cases, to the minimum amount required to accomplish the intended purpose of the use, access or disclosure.

(ct) Use for Administration of Business Associate. Except as otherwise limited in this Agreement, Business Associate may use PHI for the proper management and administration of the Business Associate or to carry out the legal responsibilities of the Business Associate.

(e) Disclosure for Administration of Business Associate. Except as otherwise limited in this Agreement, Business Associate may disclose PHI for the proper management and administration of the Business Associate,

provided that (i) disclosures are Required by Law, or (ii) Business Associate obtains reasonable assurances from the person to whom the information is disclosed that it will remain confidential and used or further disclosed only as Required by Law or for the purpose for which it was disclosed to the person, and the person notifies the Business Associate of any instances of which it is aware in which the confidentiality of the information has been breached.

(f) Violations of Law. Business Associate may use PHI to report violations of law to appropriate Federal and State authorities.

4. Client Obligations.

(a) Identification of HIPAA Accounts. Client is required to notify Business Associate in writing that it will transmit or store PHI with the Company Services subject to this Agreement.

(b) Privacy Notice and Changes in Permissions. Client will not agree to any restriction requests or place any restrictions in any notice of privacy practices that would cause Business Associate to violate this Agreement or any applicable law. .

(c) Requested Uses and Disclosures. Client agrees that it will not request Business Associate to use or disclose PHI in any manner that would not be permissible under the HIPAA Rules if done by Client.

(d) Limits on Disclosure to Business Associate. Client shall not include PHI in: (1) information Client submits to technical support personnel or Company community support forums; or (2) Client's address book or directory information. In addition, Company does not act as, or have the obligations of, a business associate under HIPAA with respect to Client Data once it is sent to or from Client outside the Company Services over the public Internet.

(e) Security Obligations and Safeguards. Client acknowledges that Client retains full control and responsibility regarding the security and configurations that Client chooses to implement to protect its content, platform, applications, systems and networks. Client agrees to (i) comply with any security obligations imposed upon Client in the Services Agreement, and (ii) purchase, implement and maintain appropriate safeguards (including security appliances, services and practices) as required for Client to comply with the HIPAA Rules as applicable to Client and this Agreement. Client further acknowledges that certain Company Services, such as Company's cloud server offering, offer broad discretion to Client regarding such service's configuration and security settings and that, for all such services, Client is responsible for ensuring that such configuration and settings comply with the HIPAA Rules and all other applicable laws and regulations. Client must encrypt all PHI stored in or transmitted using the Company Services in accordance with the Secretary of HHS's Guidance to Render Unsecured PHI Unusable, Unreadable, or Indecipherable to Unauthorized Individuals, available at <http://www.hhs.gov/ocr/privacy/hipaa/administrative/breachnotificationrule/brguidance.html>, as it may be updated from time to time, and as may be made available on any successor or related site designated by HHS. Client is not permitted to provide PHI to Business Associate except as permitted by the Services Agreement and this Agreement.

5. Term and Termination.

(a) Term. The term of this Agreement shall continue for the term of the Services Agreement and following

termination of the Services Agreement until all PHI is destroyed or returned to Client or its designee.

(b) Termination. Breach of this Agreement shall be a material breach of the Services Agreement giving rise to a right of termination (subject to the applicable right to cure) under the Services Agreement.

(c) Effect of Termination. Upon termination of this Agreement for any reason, Business Associate, with respect to PHI received from Client, or created, maintained, or received by Business Associate on behalf of Client, shall:

(i) Retain only that PHI which is necessary for Business Associate to continue its proper management and administration or to carry out its legal responsibilities;

(ii) Not use or disclose the PHI retained by Business Associate other than for the purposes for which such PHI was retained and subject to the same conditions set out at in this Agreement which applied prior to termination;

(iii) Return to Client or, if agreed to by Client, destroy the PHI retained by Business Associate when it is no longer needed by Business Associate for its proper management and administration or to carry out its legal responsibilities.

(iv) In the event that Business Associate determines that returning or destroying the PHI is infeasible, Business Associate shall promptly provide Client notification of the conditions that make return or destruction infeasible. Business Associate shall extend the protections of this Agreement to such PHI; and

(v) In the event that Client requires Business Associate to retain the PHI after termination of the Services Agreement, Client shall bear the reasonable cost of storage of such PHI for as long as storage by Business Associate is required.

6. Miscellaneous.

(a) Amendment. Each party agrees to take such action as is reasonably necessary to amend this Agreement from time to time as is necessary for Client to comply with the requirements of HIPAA as they may be amended from time to time; provided, however, that if such an amendment would materially increase the cost of Business Associate providing service under the Agreement, Business Associate shall have the option to terminate the Agreement on thirty (30) days advance notice.

(b) Survival. The respective rights and obligations of the parties under this Agreement shall survive the termination of the Agreement and the Services Agreement.

(c) Interpretation. Any ambiguity in the Agreement shall be resolved to permit either the Business Associate or Client to comply with the HIPAA Rules.

(d) Contact Information for Notices. Client agrees to receive electronic notification reports for Client to timely receive notifications contemplated by Section 2(c) (Reporting of Breach of Unsecured PHI) or other notices relevant to this Agreement using the contact information for Client's Company Services administrators. In the event such notifications are required, Business Associate may notify the Client representative who agreed to this Agreement or any other Client personnel designated as Client's administrators for purposes of the Company Services as reflected in the administrative portal for the services. To facilitate such notifications, Client shall ensure that contact information for

Client's Company Services administrators remains up to date during the term of this Agreement.

Overview of Restrictive Measures Annual Analysis

submitted to Human Rights Committee (HRC), 2/20/24

Completed by: Sam Minier, Positive Support Specialist, Community Living

1. Number of individuals with at least 1 restrictive measure:

- As of 1/1/23: **7**
- Newly approved by HRC in 2023: **4**
- Who had all restrictive strategies discontinued in 2023: **6**
- As of 12/31/23: **5**

2. Risks of harm that triggered use of restrictive measures:

- Self-Injury: 7
- Physical Aggression: 6
- Transportation Safety: 4

3. Breakdown of approvals by specific type of restrictive measure:

Restrictive Measures	Approved for 1st time by HRC	Rejected by HRC	Reauthorized by HRC	Discontinued from plan by team
Manual	1 (collection of maneuvers)	1 (specific move from collection)	1	1 (from 2022 approval)
Mechanical	1	0	3	1 (from 2022 approval)
Rights Restriction	4	0	6	2 (from 2022 approval) , 3 (from 2023)
Totals	6	1	10	7

4. Trends and Patterns of note:

- Of the 4 individuals with restrictive measures due to physical aggression, 3 had restrictive measures discontinued by the end of 2023 and the other had shown 75% less incidents of aggression and 85% less use of manual restraint.
- 2 individuals had restrictive measures discontinued due to no longer receiving services with the county board. If they resume services, updated risk of harm will be evaluated at that time but it is likely restrictive measures for them will also resume.
- Of the total 11 individuals with restrictive measures in 2023, 8 of them had IP outcomes related to communication or structure that had some level of impact on their risk of harm. Of those 8:
 - o 7 showed decreases in risk behavior throughout the year
 - o 5 showed either increased communication skills or increased tolerance of distressing environments
 - o 3 had the level of restriction decreased, including 2 where restrictions were completely discontinued
 - o 2 showed significant decreases in use of physical and/or mechanical restraints
- Risk behaviors for 3 of the 11 individuals with restrictive measures in 2023 have clear connections to trauma histories. 2 of these individuals have had trauma-informed biographical timelines

completed. Strategies for the other individual are specifically written around helping him recover from abuse that occurred in the bathroom, which is where the restrictive measure is needed. Continued use of trauma-informed care and access to trainings/resources on trauma resilience have proven important in helping prevent the need for restrictive measures with other individuals with traumatic histories.

- As counted at the end of each year, the number of individuals with restrictive measures continues its annual reduction (over 75% reduction in 6 years):
 - o 2023: 5
 - o 2022: 7
 - o 2021: 8
 - o 2020: 11
 - o 2019: 16
 - o 2018: 19
 - o 2017: 22

Early Childhood

Staff are preparing for outreach season! With a new year comes many new health fairs, community events, etc. and my staff and I attend all that we can to make sure the community knows who we are and how we can serve littles.

The painting in our classroom/home visiting room is near completion. I will show pictures next month of the wonderful job she did painting.

Staff will be participating in a Child Outcomes Training later this month. This is a form used to determine where a child's functioning skills are when they enter the program and then completed again when they exit. The state uses this information from each county to see how effective the programs are at meeting the child's needs.

We would love to have a small playground here on campus for our littles to enjoy when they come to campus. I will be working with Lora and Max on the project so more news on that to come.....
